

Touching Lives Every Day

2021-2022 Annual Impact Report

**Yavapai Regional
Medical Center Foundation**

A Dignity Health Member

Our Purpose

The purpose of the YRMC Foundation is to inspire and nurture a sacred relationship with Dignity Health, Yavapai Regional Medical Center (YRMC) and our communities to ensure excellence in health and healing.

Our Mission

Our mission is to provide the vehicle for donors to express philanthropy and touch all the people of our communities. We develop funds through inspired donor involvement in order to ensure YRMC's ability to meet ongoing healthcare needs.

Our Values

Stewardship

Managing and nurturing the relationship with donors by recognizing and honoring the many gifts of time, talent and financial resources they have entrusted to the YRMC Foundation.

Integrity

Earning the trust and loyalty of our supporters, we consistently demonstrate that we honor the trust placed in us. The relationships that are critical to our success depend entirely on maintaining the highest ethical and moral standards.

Respect

Believing in the inherent worth of people and always honoring our relationships with our supporters by treating each individual with the highest degree of dignity, gratitude and trust.

Inspiration

Engaging the hearts and dreams of our supporters, the Foundation ensures that YRMC exceeds the expectations of our communities through excellence in health and healing.

A message from our leadership

John Goodenow
Director of Philanthropy

Dear Friends,

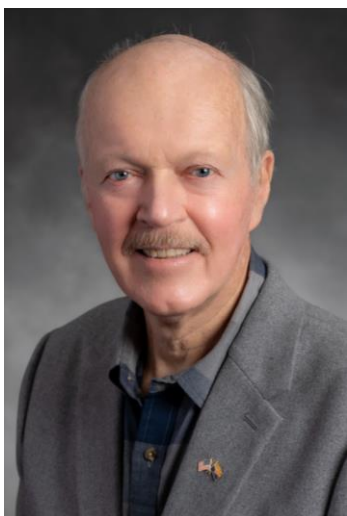

It is with hearts full of gratitude that we express our thanks to you for supporting Yavapai Regional Medical Center during the 2021-2022 fiscal year. Thanks to you and the fellow members of our donor community, this was a significant year in which together you donated a total of \$1,687,000 to support the health and wellbeing of our community.

This impact report showcases the level of care provided through your generosity during our Fiscal Year 2022 (July 1, 2021-June 30, 2022). In review of this past fiscal year's accomplishments, we are pleased to highlight the introduction of three important new programs - the Cognitive Assessment and Support Clinic, the Alzheimer's and Dementia Care Program, and the James Family Heart Center's Enhanced Recovery After Surgery (ERAS) cardiac program.

Our community of donors, people like you who care, include grateful patients, hospital staff and physicians, civic groups, businesses and organizations that provide grants. Together, you make a difference within each of our Medical Center's departments and positively impact the lives of patients and their families served every day.

Once again, thank you for your trust and support of Yavapai Regional Medical Center.

With gratitude,

Kevin Keighron
Chair, YRMC Foundation
Board of Directors

Board of Directors

There is a story of kindness behind every dollar donated to Yavapai Regional Medical Center Foundation. Here we show you the dollars and cents of serving the common good through philanthropy.

Giving by the numbers

Total dollars raised

\$1,687,000 **FY2022**

This year, our donors came together to realize the power of generosity and gratitude in our community. The results have been inspiring.

Transfers to the Medical Center

\$1,365,000 **FY2022**

Transfers made by the YRMC Foundation to Yavapai Regional Medical Center show collaboration in the form of monies transferred once donor intent has been met.

Total number of donors

625 **FY2022**

Donors bolster innovation, bring our community together, and provide for those in need. Together we accomplish what none of us could do alone.

Return on \$1 investment (ROI)

\$5.69 **FY2022**

We are responsible stewards of our fundraising expenditures and continually seek to employ productivity improvements.

Ensuring Older Adults Lead Vibrant and Fulfilling Lives

A lost set of keys...a missed dental appointment...forgetting the name of an acquaintance - these may be signs of normal aging. Coupled with other symptoms, however, they may also signal the start of dementia or other conditions that early-on could be mistaken for dementia – amyotrophic lateral sclerosis, depression, Parkinson’s disease or even a small stroke.

These “neurocognitive conditions” all affect a person’s ability to think and reason. Accurately diagnosing a neurocognitive condition requires a comprehensive evaluation by a multidisciplinary team of healthcare experts. Today, thanks in large measure to funding support provided by the YRMC Foundation, this important service is now available in our community through YRMC’s Cognitive Assessment and Support Clinic.

“We are so very grateful for the Foundation’s steadfast support and encouragement throughout the course of the Clinic’s development and implementation,” said Clinic Director, Dr. Sam Downing. “In my work I’ve found that as people age, they want to be fully engaged in life both physically and mentally. They want a quality of life that endures. Supporting that goal is the overarching purpose of our Cognitive Assessment and Support Clinic.”

Thanks to funding support provided by the YRMC Foundation, YRMC’s Cognitive Assessment and Support Clinic and Alzheimer’s and Dementia Care Program are now available in our community.

Helping patients and their families with the complex medical, behavioral and social needs of Alzheimer’s disease and other types of dementia is the work of the Clinic’s companion initiative, the Alzheimer’s and Dementia Care Program. Also supported with Foundation funds, the program goals are 1) to maximize patient function, independence and dignity; 2) minimize caregiver strain and burnout; and 3) to reduce unnecessary care cost through improved care.

“We are so very grateful for the Foundation’s steadfast support and encouragement throughout the course of the Clinic’s development and implementation,”

- Dr. Sam Downing

In Continuous Pursuit of Patient Care Excellence at the James Family Heart Center

Breaking News – YRMC’s Chief of Staff, Dr. Pierre Tibi, recently announced the James Family Heart Center’s participation in the internationally recognized Enhanced Recovery After Surgery (ERAS) Cardiac Society. According to Dr. Tibi, the Society’s sole focus is to improve patient care.

“Implementing the Society’s evidence-based best practices, our goals at YRMC are better and earlier recovery after cardiac surgery, reduction in complications and length of stay, fewer readmissions and lower cost,” said Tibi.

Under Dr. Tibi’s leadership, YRMC has established an ERAS Cardiac committee comprised of representatives from more than 25 clinical specialties. The committee is utilizing ERAS Cardiac evidence-based best practices to develop and implement local protocols. Funded through your support of the James Family Heart Center, YRMC’s ERAS committee will conduct ongoing clinical staff education sessions, host ERAS

Pierre Tibi, MD

Chief of Staff, Yavapai Regional Medical Center

expert-led seminars, and continuously monitor patient outcomes data and patient care satisfaction.

You can support this important work through a gift to the YRMC Foundation’s James Family Heart Center Fund.
